

Important Basic ICT Skills Class 9 MCQ

PART A - EMPLOYABILITY SKILLS | UNIT 03 BASIC ICT SKILLS | MCQS

Source: <https://cbse skillededucation.com/basic-ict-skills-class-9-mcq/>

Important Basic ICT Skills Class 9 MCQ are designed to help students revise and test their understanding of key concepts from the CBSE Employability Skills syllabus. Practicing these multiple-choice questions is an effective way to strengthen topics such as computer basics, input and output devices, internet usage, digital communication tools, and cyber safety.

Basic ICT Skills Class 9 MCQ

Important MCQs

Session 1: Introduction to ICT

1. ICT stands for _____.
- a. Information and Communication Technology
 - b. Informed and Communicated Technology
 - c. Informal and Communication Technology
 - d. None of the above

Answer: a. Information and Communication Technology

2. _____ skills help us to communicate, run our business and stay connected with our family and friends.
- a. ICT

- b. ITI
- c. Mobile App
- d. None of the above

Answer: a. ICT

3. How we can save Information in digital form.

- a. Using Computer
- b. Hand Written on paper
- c. Typed using typewriter
- d. All of the above

Answer: a. Using Computer

4. Which one is the ICT device_____.

- a. Tablet
- b. Smart Phone
- c. Laptops
- d. All of the above

Answer: d. All of the above

5. The ICT skills that you need are

- a. Knowing how to operate computer
- b. Knowing how to browse the Internet for collecting
- c. Storing and dissemination information
- d. All of the above

Answer: d. All of the above

6. Modern ICT employs a variety of media forms, which includes

- a. Text & Graphics
- b. Audio & Video
- c. Animation
- d. All of the above

Answer: d. All of the above

Session 2: ICT Tools: Smartphone and Tablets – I

7. _____ are some of the most popular smart phone operating systems:

- a. Android OS
- b. Apple iOS
- c. Windows Mobile
- d. All of the above

Answer: d. All of the above

8. A _____ is a small computer with input, output and process.

- a. Micro Computer
- b. Mini Computer
- c. Super Computer
- d. Mainframe Computer

Answer: b. Mini Computer

9. _____ Device is used to receive broadcast audio sound.

- a. Radio
- b. TV
- c. Computer
- d. Laptop

Answer: a. Radio

10. How does a Smartphone perform so many functions using –

- a. Android App
- b. Mobile Hardware
- c. Computer Software
- d. None of these

Answer: a. Android App

11. Some of the apps are already present on the phone or tablet, These are called _____ apps.

- a. Android App
- b. Apple App
- c. Default App
- d. None of the above

Answer: c. Default App

12. _____ wireless portable personal computer with a touch screen interface which makes it more useful than the notebook computer.

- a. Tablet
- b. Smartphone
- c. Laptop
- d. None of the above

Answer: a. Tablet

Session 3: ICT Tools: Smartphone's and Tablets – II

13. This is a short-range wireless technology that allows you to communicate with other devices within 30 feet of you. You can send messages and songs once you've linked.

- a. Cellular network connectivity

- b. Bluetooth
- c. Both a) and b)
- d. None of the above

Answer: b. Bluetooth

14. This is a type of wireless network that allows you to connect to a local area network. This is used to connect to the Internet and work with e-mail, social media, and anything else that necessitates the use of the internet.

- a. Bluetooth
- b. Wi-Fi
- c. Cellular network connectivity
- d. Global Positioning System

Answer: b. Wi-Fi

15. This provides the network through which you can make calls.

- a. Bluetooth
- b. Wi-Fi
- c. Cellular network connectivity
- d. Global Positioning System

Answer: c. Cellular network connectivity

16. It is a navigation (direction finding) system that helps you to navigate, find direction and maps to specific locations.

- a. Bluetooth
- b. Wi-Fi
- c. Cellular network connectivity
- d. Global Positioning System

Answer: d. Global Positioning System

17. _____ are used to interact with the touch screen of your mobile device.

- a. Display
- b. Gestures
- c. Status Bar
- d. Apps

Answer: b. Gestures

18. Tap and hold, this is similar to _____ your mouse.

- a. Left – Click
- b. Right – Click
- c. Double – Click
- d. None of these

Answer: b. Right – Click

19. What is the name of the technology used for short-range wireless communication?

- a. Wi-Fi
- b. Internet
- c. Bluetooth
- d. PS

Answer: a. Wi-Fi

20. On all pages, which part of the home screen is visible?

- a. Status bar
- b. Main icon area
- c. Dock
- d. Clock

Answer: a. Status bar

Session 4: Parts of a Computer and Peripherals

21. In analog technology, information is translated into _____.

- a. bits (0 and 1)
- b. Electric Pulses
- c. Mechanical Pulses
- d. All of the above

Answer: b. Electric Pulses

22. In digital technology, information is translated into _____.

- a. Electric Pulses
- b. bits (0 and 1)
- c. Mechanical Pulses
- d. All of the above

Answer: b. bits (0 and 1)

23. A computer system is a _____ designed to store and retrieve information and perform arithmetic and logical operations to produce meaningful results in desired format.

- a. Programmable machine
- b. Analog Machine
- c. Coding Machine
- d. All of the above

Answer: a. Programmable machine

24. Computer consists of three main units: Input Unit _____ and Output Unit.

- a. Central Processing Unit
- b. Digital Unit
- c. Computer Unit
- d. None of these

Answer: a. Central Processing Unit

25. Example of Input Device

- a. Keyboard
- b. Mouse
- c. Scanner
- d. All of the above

Answer: d. All of the above

26. Example of Output Device

- a. Monitor
- b. Printer
- c. Speaker
- d. All of the above

Answer: d. All of the above

27. _____ helps the user to enter raw data and instructions into the computer system.

- a. Input Unit
- b. Output Unit
- c. Central Processing Unit
- d. None of these

Answer: a. Input Unit

28. The _____ is divided into three parts, control unit (CU), arithmetic and logic unit (ALU), and memory unit (MU).

- a. Central Processing Unit
- b. Input Unit
- c. Output Unit
- d. None of these

Answer: a. Central Processing Unit

29. _____ works as a receptionist and a corporate manager. It receives all of the user's commands and coordinates between various sections to accomplish various activities.

- a. Arithmetic Logic Unit
- b. Control Unit
- c. Memory Unit
- d. None of the above

Answer: b. Control Unit

30. _____ unit perform all the mathematical and logical calculations.

- a. Arithmetic Logic Unit
- b. Control Unit
- c. Memory Unit
- d. None of the above

Answer: a. Arithmetic Logic Unit

31. _____ is used to convert the information on a paper document into a digital information document.

- a. Barcode Reader
- b. Printer
- c. Scanner
- d. Web Cam

Answer: c. Scanner

32. In order to construct the receipt/bill, _____ is used to record the product purchased.

- a. Barcode Reader
- b. Printer
- c. Scanner
- d. Web Cam

Answer: a. Barcode Reader

33. RAM stands for _____

- a. Read Access Memory
- b. Read Applicable Memory
- c. Random Applicable Memory
- d. Random Access Memory

Answer: d. Random Access Memory

34. _____ is usually an external device which is a mix of both RAM and ROM.

- a. Flash memory
- b. Random Access Memory
- c. Read Only Memory
- d. All of the above

Answer: a. Flash memory

35. _____ is also known as volatile Memory.

- a. Read Only Memory
- b. Random Access Memory
- c. Flash Memory
- d. None of the above

Answer: b. Random Access Memory

36. _____ referred to as a system board and it is the main circuit board inside a computer.

- a. Mother Board
- b. Hard Disk
- c. Random Access Memory
- d. Read Only Memory

Answer: a. Mother Board

37. The smallest storage unit

- a. Bit
- b. Byte
- c. KB
- d. MB

Answer: a. Bit

38. Bits is a Binary digit and it is represented as

- a. 0 and 1
- b. 1 and 9
- c. A and B
- d. None of the above

Answer: a. 0 and 1

39. _____ bits make a 1 byte.

- a. 32
- b. 16
- c. 8
- d. 4

Answer: c. 8

40. _____ bytes make a kilobyte

- a. 1156
- b. 1024
- c. 1056
- d. 1000

Answer: b. 1024

41. _____ Kilobyte make 1 megabyte (MB)

- a. 1156
- b. 1024
- c. 1056
- d. 1000

Answer: b. 1024

42. The slots or channels into which we connect the mouse/keyboard/external hard disk wires are called _____.

- a. Connector
- b. Plug
- c. Posts
- d. None of the above

Answer: c. Posts

43. USB Stand for _____

- a. Universal Serial Bus
- b. Unit Serial Bus
- c. Unit Serial Backup
- d. Universal Serial Backup

Answer: a. Universal Serial Bus

44. VGA stands for _____

- a. Video Graphics Array
- b. Video Graphics Adapter
- c. Video Graph Array
- d. Video Graph Adapter

Answer: a. Video Graphics Array

45. HDMI Stands for _____

- a. High Digital Media Interface
- b. High Definition Multimedia Interface
- c. High Definition Multi Interface
- d. None of the above

Answer: b. High Definition Multimedia Interface

46. _____ ports help to connect microphone, speakers and headphones to a computer system.

- a. VGA Port
- b. Audio Port
- c. Serial Port
- d. Parallel Port

Answer: b. Audio Port

48. _____ port is used for connecting the system to high speed Internet cable.

- a. Ethernet Port
- b. Power port
- c. Audio Port
- d. VGA Port

Answer: a. Ethernet Port

Session 5: Basic Computer Operation

49. A Computer system consists of two main parts _____ and _____.

- a. Hardware and Software
- b. Physical and Logical
- c. Both a) and b)
- d. None of the above

Answer: a. Hardware and Software

50. The most important software in any computer is _____.

- a. Antivirus Software
- b. Operating System
- c. Application Software
- d. None of the above

Answer: b. Operating System

51. Example of computer operating system _____

- a. Ubuntu
- b. Windows 10
- c. Mac OS
- d. All of the above

Answer: d. All of the above

52. Example of mobile operating system _____

- a. Apple iOS
- b. Android
- c. Microsoft
- d. All of the following

Answer: d. All of the above

53. BIOS stands for _____

- a. Basic Input/Output System
- b. Beginners Input/Output System
- c. Best Input/Output System
- d. None of the above

Answer: a. Basic Input/Output System

54. When multiple people use the same computer, each person has his/her own files and applications.

- a. In and Out
- b. Login and Logout
- c. Both a) and b)
- d. None of the above

Answer: b. Login and Logout

55. Keys labelled from F1 to F12 are _____ keys.

- a. Alphabetical keys
- b. Special keys
- c. Function keys
- d. All of the above

Answer: c. Function keys

56. Keys, such as Control (CTRL), SHIFT, SPACEBAR, ALT, CAPS LOCK and TAB are special control keys that perform special functions depending on when and where they are used.

- a. Alphabetical keys
- b. Special keys
- c. Function keys
- d. Control key

Answer: d. Control key

57. Keys, such as the arrow keys, HOME, END, PAGE UP, and PAGE DOWN are _____ keys.

- a. Alphabetical keys
- b. Special keys
- c. Navigation keys
- d. All of the above

Answer: c. Navigation keys

58. Keys, such as INSERT (INS), DELETE (DEL), and BACKSPACE are _____ keys.

- a. Alphabetical keys
- b. Command Keys
- c. Function key
- d. All of the above

Answer: b. Command Keys

59. _____ key opens the start menu.

- a. Windows key
- b. Special key
- c. Function key
- d. All of the above

Answer: a. Windows key

60. Which of the following functions is carried out with the help of a mouse?

- a. Turn on computer
- b. Typing
- c. Right click
- d. Drag and Drop an Icon

Answer: d. Drag and Drop an Icon

61. What is the term for moving the mouse around while pressing and holding the left mouse key?

- a. Highlighting
- b. Dragging
- c. Selecting
- d. Moving

Answer: b. Dragging

Session 6: Performing Basic file Operation

62. _____ helps to store all the information in the computer system.

- a. Files
- b. Folder
- c. Image
- d. None of the above

Answer: a. Files

63. What is extension of Notepad file

- a. .txt
- b. .jpg
- c. .png
- d. .mp3

Answer: a. .txt

64. Extension of Image file _____.

- a. .jpg
- b. .png
- c. Both a) and b)
- d. None of the above

Answer: c. Both a) and b)

65. To paste a file, which of the following shortcut keys is used?

- a. Ctrl + C
- b. Ctrl + P
- c. Ctrl + V
- d. Ctrl + X

Answer: c. Ctrl + V

66. Which of the following is an appropriate Notepad file extension?

- a. .jpg
- b. .doc
- c. .text
- d. .txt

Answer: d. .txt

67. When you copy something, what key do you use?

- a. Ctrl+X
- b. Ctrl+C
- c. Ctrl+Z
- d. Ctrl+T

Answer: b. Ctrl+C

Session 7: Communication and Networking – Basics of Internet

68. WWW stands for_____

- a. World Widest Web
- b. World Wide Web
- c. Word Wide Web
- d. None of these

Answer: b. World Wide Web

69. If your computer is connected to the Internet, you say that your computer is _____.

- a. Online
- b. Offline
- c. Both a) and b)
- d. None of these

Answer: a. Online

70. You can get the latest information about anything that is uploaded on the web, whether it is the result, news about an earthquake, a cricket match or the election details.

- a. News Website
- b. Youtube
- c. Search Engine
- d. None of the above

Answer: c. Search Engine

71. You can talk or send messages to people all around the world quickly and easily.

- a. E-mail
- b. Chatting
- c. Both a) and b)
- d. None of the above

Answer: c. Both a) and b)

72. You can do banking operations, like checking details of your bank account or transferring money from one account to another through mobile banking/NEFT/RTGS.

- a. Social Networking
- b. Online Banking
- c. Online Learning
- d. Online Shopping

Answer: b. Online Banking

73. Your hobbies, knowledge, and stories can be shared with family and friends all around the world.

- a. Social Networking
- b. Online Banking
- c. Online Learning
- d. Online Shopping

Answer: a. Social Networking

74. ISP stands for _____.

- a. Internet System Provider
- b. Interanet Service Provider
- c. Internet Service Provider
- d. None of the above

Answer: c. Internet Service Provider

75. When our computer is connected to the Internet using a wire, it is called a _____.

- a. Wireless Connection
- b. Wired Connection
- c. Both a) and b)
- d. None of the above

Answer: b. Wired Connection

76. We use _____ cables to connect to the modem which connects to the modem which connects to the ISP using a phone line.

- a. Ethernet Cable
- b. Router
- c. Hub
- d. Repeater

Answer: a. Ethernet Cable

77. _____ is amount of data that may be transmitted via a network in a given amount of time is called .

- a. Ethernet Cable
- b. Bandwidth
- c. Hub
- d. Repeater

Answer: b. Bandwidth

78. The bandwidth is usually expressed in _____ .

- a. Bits Per Second (bps)
- b. Bytes Per Second
- c. Both a) and b)
- d. None of the above

Answer: c. Both a) and b)

79. In the analog devices the bandwidth is expressed in _____.

- a. Cycles Per Second
- b. Hertz (Hz)
- c. Both a) and b)
- d. None of the above

Answer: c. Both a) and b)

80. Data transfer speed over the networks is calculated in terms of _____.

- a. Bits Per Second (bps)
- b. Bytes Per Second
- c. Both a) and b)
- d. None of the above

Answer: c. Both a) and b)

81. 1 Kbps (Kilobits per second) = _____.

- a. 1000 bits per second
- b. 2000 bits per second
- c. 1024 bits per second
- d. 3000 bits per second

Answer: a. 1000 bits per second

82. An Internet _____ is an application or a Software program on your computer or laptop which helps you visit the various websites.

- a. Search Engine
- b. Browser
- c. Website
- d. None of the above

Answer: b. Browser

83. To connect to the Internet, the computer has to be connected to the _____.

- a. Internet Society
- b. Internet Architecture
- c. Internet Service Provider
- d. Large Area Network

Answer: c. Internet Service Provider

Session 8: Communication and Networking – Internet Browsing

84. It is a vast network of linked hypertext files, stored on computers throughout the world, that can provide a computer user with information on a huge variety of subjects.

- a. World Wide Web

- b. Browser
- c. Search Engine
- d. None of the above

Answer: a. World Wide Web

85. If you click, it will take you to another part on the same page or to a different page.

- a. Address
- b. Hyperlinks
- c. Both a) and b)
- d. None of the above

Answer: b. Hyperlinks

86. You are not seeing the entire page correctly. By pressing the button, you can reload the page.

- a. Back Button
- b. Refresh Button
- c. Reset Button
- d. None of the above

Answer: b. Refresh Button

87. What do I need to access information on the Internet?

- a. Computer
- . Browser
- c. Internet Connection
- d. All of the above

Answer: d. All of the above

88. Identify the web browser?

- a. Internet
- b. Chrome
- c. Windows
- d. None of the above

Answer: b. Chrome

Session 9: Communication and Networking – Introduction to a Mail

89. _____ is a message sent over the Internet from one person to another.

- . Mail
- b. E-Mail
- c. Speed Post
- d. Registry Post

Answer: b. E-Mail

90. A message delivered through the Internet from one person to another is known as electronic mail.

First part is known _____ and the second part is known as _____.

- a. User name & Domain name
- b. Name & address
- c. Name type & address
- d. None of the above

Answer: a. User name & Domain name

Session 10: Communication and Networking – Creating an E-Mail Account

91. Which of the following is a popular E-Mail provider.

- a. Gmail
- b. Yahoo
- c. Outlook
- d. All of the above

Answer: d. All of the above

92. To sign in to your Gmail account, follow these instructions.

- (1) Type the username
- (2) Go to web browser and type www.gmail.com
- (3) Click on Sign in button
- (4) Type the password

Choose the option with the correct order.

- a. 1 > 2 > 3 > 4
- b. 1 > 2 > 3 > 4
- c. 2 > 1 > 4 > 3
- d. 2 > 4 > 1 > 4

Answer: c. 2 > 1 > 4 > 3

Session 11: Communication and Networking Writing an E-Mail

93. You can use the _____ option to save an incomplete email without sending it.

- a. Save as Draft
- b. Sent Items
- c. Trash
- d. Inbox

Answer: a. Save as Draft

94. What is an E-Mail address made up of?

- a. Domain name followed by user's name
- b. User's name followed by postal address
- c. User's name followed by domain name
- d. User's name followed by Street address

Answer: c. User's name followed by domain name

95. What does Carbon Copy (CC) mean?

- a. Recipients are visible to all of the other recipients of the message in CC
- b. Recipients are invisible to all of the other recipients of the message in CC
- c. Recipients are invisible to only one recipient of the message in CC
- d. None of the above

Answer: a. Recipients are visible to all of the other recipients of the message in CC

96. If you want to receive mail from other person, you need to _____ the message.

- a. Forward
- b. Reply To
- c. Reply All
- d. Copy

Answer: a. Forward

97. Which of the following is mandatory for sending an email?

- a. Body
- b. Attachment
- c. Sender Mail ID
- d. Subject

Answer: c. Sender Mail ID

98. The _____ folder holds e-mails that may not be useful.

- a. Trash
- b. Drafts
- c. Junk/Spam
- d. None of the above

Answer: c. Junk/Spam

99. The _____ can or folder holds e-mails that you no longer need and have deleted.

- a. Trash
- b. Draft
- c. Junk/Spam
- d. None of the above

Answer: a. Trash

100. In the “To” area, what do you type?

- a. The topic of the e-mail
- b. The main message of the e-mail
- c. Email address of the person to whom a copy of the e-mail should be sent
- d. Email address of the person you are sending the mail to

Answer: c. Email address of the person to whom a copy of the e-mail should be sent

Session 12: Communication and Networking Receiving and Replying to E-Mail

101. Imagine your friend sends you an e-mail. The e-mail will appear in your _____.

- a. Inbox
- b. Trash
- c. Draft
- d. None of the above

Answer: a. Inbox

Basic ICT Skills FAQs

Q1. What are basic ICT skills?

Full form of ICT is Information and communication technology. The goal of ICT is to bridge the gap between parents, educators, and students by encouraging sustainable, cooperative, and transparent communication methods.

Q2. Which ICT skills you need at home Class 9?

1. Internet Connectivity
2. Video conferencing Software
3. Social Media sites
4. Always switch off the computer properly
5. Always use strong user name and password
6. Keep your information private
7. Store your file in proper folder

Q3. Which of the following is not the basic ICT skills?

ICT is important in daily life, ICT device includes hardware and the application both. The following devices are not considered as ICT device.

1. Radio
2. Refrigerators
3. Typewriter

Q4. Which of the following is considered as ICT device *?

ICT device includes hardware and the application both. The following devices are considered as ICT device.

1. Computer
2. Smart Phone
3. Satellite
4. Smart TV
